

# North America's Leading Provider of Side Gusset Pouches

At Peel Plastics, we create custom packaging solutions to complement your brand. Our solutions are unique, industry relevant and brand specific. We house all of our print, lamination and converting capabilities in our two North American locations, which gives us a clear advantage at meeting otherwise challenging deadlines. With our commitment to innovation and process standards, we are second to none - achieving high-quality HD flexographic print rivaling that of rotogravure.

With our focus on understanding your needs, industry, marketing and merchandizing strategies, and our leadership position in product and process innovation, we create a package solution tailored specifically to your brand. And then we back up our product with a team of industry experts. We know today's consumers are looking for convenience and quality, which means your brand requires improved merchandizing, value and service, and our line of flexible pouches provides that edge.

Take advantage of over 40 years of experience and get your product the recognition it truly deserves.
