

Animal & Marine Ingredient Portfolio

Founded in 1892, Scoular is a global ingredient partner with a proven track record.

Our long-standing presence in agricultural and ingredient markets gives us the expertise to reliably source, move, and manage specialty ingredients, animal proteins, and marine meals and oils, around the world.

For more than 30 years, we've served the pet food industry with dependable access, seamless execution, and trusted market insight—supporting customers with the confidence that comes from over a century of experience.

Specialty Meals

Novel, single-species proteins designed for premium pet food formulations, limited-ingredient diets, and clear label claims. Create allergen-conscious recipes designed for pets with sensitivities to common proteins.

- Buffalo Meal
- Duck Meal
- Horse Meal
- Kangaroo Meal
- Lamb Meal
- Rabbit Meal
- Turkey Meal
- Venison Meal
- Wagyu Beef Meal
- Wild Boar Meal

Fish Meals

Responsibly sourced marine proteins from Encompass™ by Scoular, our global fishmeal and oil business. Ask about our sustainable options, including trimmings, certified sustainable, or FIP products.

- Anchovy Meal
- Herring Meal
- Mackerel Meal
- Pollock Meal
- Salmon Meal
- Sardine Meal
- Sprat Meal
- Trout Meal
- Tuna Meal
- Whitefish Meal

ENCOMPASS™
FISHMEAL BY SCoulAR

Encompass is our global fishmeal business that identifies custom marine protein solutions based on your unique product specifications. Through our expansive supply network, we can source more than 15 different species from over 60 countries and regions all year long. We offer a variety of certified, non-certified, mixed species, and trimming oils and meals.
